Refer to L. J. Higby, Thomas P. Williams, and Kellogg, Strong & Co. Milwaukee.

THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card, as above. The Bolivar Coal is unquestionably superior to any other mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes; and for Steam purposes, is superior to any except Briar Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount or handling, without waste. It can be afforded considerably cheaper than Brier Hill, and for most purposes, is better.

It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

VOLUME VIII. MILWAUKEE DAILY SENTINEL. NEW SERIES.

Speech of Capt. Naylor.

At the Pittsburg Ratification Meeting, Captain NAYLOR, who served under Gen. Scott in the battles of Mexico, was called upon to make a speech. We find the following report of his remarks, and commend them to our readers:—

Captain NAYLOR rose amid loud cheers, and said that he had not come there to address them that night. His heart brought him there to attend their great Scott meeting, and he had much to say in behalf of the nomination of General Scott for President of the United States. That, however, did not appear to him, the time, place or occasion, for him to say all that he thought on this subject, for which he would take another opportunity. He knew Gen. Scott as well as he knew any one—as well as he knew his political antagonist. He had known him during the war as well as before and after it, and he wished to say that many men undervalued Gen. Scott.

They looked upon him as a *mere* soldier, possessed of but ordinary qualifications to fill the office of President, to which he had been nominated, and to which he trusted he would be elected. But his fellow-citizens would allow him to say, that it required a mind of the highest order to constitute a good administrative soldier. Nearly all the mighty rulers of the world, hitherto, have been successful soldiers, and to say that a man may not be great as a civilian, because he is a great military man, was absurd. He knew *no man* who had a higher administrative character or quality of mind than Gen. Scott, they would mark that he excepted *no man* in the United States. He knew Mr. Fillmore well—had served in the same Congress with him—lived in the same house with him—knew and respected his talents—and yet he thought that the comparison between the administrative abilities of Fillmore and Gen. Scott would be as between that taper and the noon-day sun. He believed in saying this, that he told the truth. He told it with no wish to undervalue the talents of Mr. Fillmore. He knew Daniel Webster, and yet his head, as well as his heart, told him that (though he did not wish to depreciate him when he said it,) he would prefer to trust the reins of government to the hands of Gen. Scott than those of Daniel Webster.

Gen. Scott, as his life proved, had a warm heart and a head of mighty vigor. He loved his fellow men, and in that very affection for his fellow men, was to be found the motive for all the great and glorious deeds which he had performed.

He was not in a condition that night to address them, but, occupying the relative position which he had done with that man, he could not have slept had he not come there; and being there he had been told that he was expected to address the meeting, which was his apology for troubling them. He wished besides to let the people know and to let Gen. Scott know, that the old Soldiers —those who had followed his eagles elsewhere, with devotion, living and dying—thousands of hardy souls who had gone with him through the Mexican campaigns, as severe as any ever fought —would not turn their backs on him now, but would fight with him, and for him, through this campaign too. (tremendous cheers.) He was sure they could not, would not desert their leader; never had a General sympathized more with his private soldiers than Gen. Scott; no private had ever preferred a claim to him which was not attended to. He knew how deeply rooted was the sympathy between him and his soldiers, and in that was to be found the secret of much of the success which had attended his campaigns.

He begged leave in this connection to relate an anecdote. He had seen lately in the London Athenaeum, an account of a sale of Marshal Soult's gallery, one of the greatest collections of Spanish paintings ever made, and containing the master pieces of the Spanish artists. Single pictures brought tremendous prices—prices which would enable a family to reside here in ease and affluence for the remainder of their lives, a single picture bringing one hundred and twenty thousand dollars. And how had Marshal Soult formed it? He were one of Napoleon's Marshals, and these pictures was the result of the spoils of war. Such was the manner in which European soldiers acquired their fortunes. Now they all knew that Gen. Scott entered the city of Mexico in triumph. That entrance had been already eloquently portrayed by one of the Speakers on that occasion.

The city, full of all things promotive of luxury and splendor, one of the wealthiest cities on earth, was put completely at his power to dispose of as he pleased. All the public property ceased to belong to the nation and became the property of the United States. Now what was his conduct in that critical juncture, which would have been so tempting to the mere soldier? His first step was to declare the inviolability of all public and private property. When he himself took up his quarters, he appointed a mere captain of militia to keep all things in them secure. When he wanted an inkstand to use for writing, a chair on which to sit, or a table, he sent a receipt to that captain, (a voice in the crowd asked who that captain was, but the gallant captain's modesty prevented him from replying.) Yes he could assure his fellow citizens that when Gen. Scott, with the city of Mexico at his feet, asked for the loan of a chair, table or an inkstand, he promised and receipted on his own personal responsibility to return that article in as good condition as he borrowed it, and *he, the speaker, could show the receipts for them now!* every article which he received he receipted for in the same manner.

Afterwards, they found him, the conqueror of Mexico, arrested by orders of an administration, whose acts he would not stop to criticise, and arraigned as a criminal in the city of Mexico. Capt. Naylor proceeded to paint in lively colors, his trial, and the excitement which it produced. Notwithstanding that excitement, and all the harrassing proceedings to which he had been subjected, at the close of that trial, Gen. Scott sent to that humble militia captain and desired to see him.—Gen. Scott said, "you have got my receipts for the books I have borrowed from the public library, for the tables, and chairs, and the other articles which I have used; bring them to me at once, I expect to leave to-morrow morning, and want to square my accounts before I go."

It was done. The receipts and the articles were compared. Nothing was lost, nor was anything damaged to the value of a single penny. [Loud and long continued applause.]

No man living had a greater or more chivalrous spirit than Gen. Scott; none hated more the wrong, or detested more the wrong-doer. He knew of no mind more accomplished in the various branches of learning than his. No man whom he had ever known, possessed more brilliant conversational powers—none, when he had a proper theme to rouse him, was more eloquent. He could moreover say that Gen. Scott could write as well as he could fight, and being able to do this, who could surpass him as a statesman? [Loud applause.] Yet, gentlemen of the democratic party instituted comparisons between such a man as this and their candidate, and thought to tarnish the lustre of his glory by calling him "Old Fuss and Feathers." He had industry, energy, and a determined will, which had raised this country even to that position which it now occupied—second, in the self-esteem of their nations, to none. He had conquered this position in regard to other nations and had done it mainly through the war with Mexico.

Military organizations and the energies of war were, through his genius, converted into agents of humanity, and tended to the spread of civilization. When they called to their recollection, the events of the last thirty or forty years, in whom would they find their personification embodied, if not in Major General Winfield Scott? He came back to the idea with which he started and said, "let no man assert that Gen Scott is a mere military man"—no great military ruler ever was a mere soldier. He must be adequate to become at once the Governor of the countries conquered by him—to provide for all contingencies, day by day, as they occurred. Gen. Scott could meet them all, yet through the whole Mexican campaign his heart was constantly yearning for peace, and for the establishment of good feelings between the sister republics of Mexico and the United States.

The Flax Manufacture.

We yesterday examined specimens of *Flax Wool*, or the fiber of Flax (as likewise of Hemp) reduced by Claussen's process to a condition closely resembling that of ordinary Fleece Wool.—That from hemp is harder and coarser than the other; but either is fine enough for ordinary fabrics, and at least as strong as good merino Wool. The Flax is nearly as white as sheep's wool, and may doubtless be made quite so. The cost of the Flax Wool is about fifteen cents per pound;—tho' in the fertile West, where Land is strong and cheap, it may doubtless be produced lower. This was made at the manufactory in Norwich, Conn., owned by the proprietors of Claussen's American patent.

A Linen Factory, expected to cost some $200,000, is now going up at Fall River, Mass.

Dr. D. S. Leavitt, of Kentucky, aided by some friends of the Flax Culture, is putting up Linen Machinery of his own invention at Marcellus, N. Y. So far, it seems to produce well.

We noticed a large breadth of Flax growing in the lower part of Washington Co., N. Y. It is rather short, but otherwise looks well.

Flax is extensively growing in Ohio, and is beginning to be manufactured there. The seed pays cost in many counties, so that whatever may be obtained for the fiber will be profit. The culture is being extended.

The day is at hand when Flax will rival Cotton as the basis of cheap and serviceable fabrics, and greatly diminish the annual requirement of Wool. We believe Flax Cotton, equal to Sea Island, can be produced here for six cents per pound. If, then, good Wool may be obtained from Flax at fifteen cents, there can be no doubt that an immense breadth must be sold annually—equal to that of Wheat at present. And its cultivation will go far to stop the ruinous drain of cash or other valuables from temperate to the semi-tropical climes to pay for raw Cotton. This will necessitate a more diversified Industry at the South, and thus benefit all sections. Success to Flax-Cotton!—*N. Y. Tribune.*

WHIG NOMINATIONS.

For President,

WINFIELD SCOTT

OF NEW JERSEY.

For Vice President,

WILLIAM A. GRAHAM,

OF NORTH CAROLINA.

FROM OUR N. Y. CORRESPONDENT.

New York, Monday, 12th July.

The dog-star is raging—and we are panting beneath his piercing rays, and, untempered by any rain for many weeks, the earth radiates heat almost as rapidly and intensely as the dog-star himself. Our Churches yesterday put up their prayers for rain, and the thirsty soil and drooping vegetation all the country round mutely, but eloquently, join in the prayer.

Our city is at this time under the most reckless partisan management which ever disgraced and damaged any community of freemen; the worst type of Locofocoism is in full swing, and plunder and the spoils seem the only objects which can at all command their attention. One of the most daring, unscrupulous, and, at the same time, mischievous forms in which this iniquitous spirit is now manifesting itself—is, that, under the sweltering heats of summer, and with daily accessions of emigrants, crowded often in badly ventilated ships—attenuated often by poverty and suffering before embarking—and exhausted on the voyage by sea-sickness and indifferent food—and with numerous other accessary causes of disease—the city is left without the services of the officers in each Ward appointed to take care of the health of the inhabitants of each. These officers happened to be Whigs, and, *therefore*, and therefore *alone*—and without any plea of misconduct on their part—finding that they could not be superseded so as to make room for *Locofoco* incumbents, their *offices* were destroyed! This I characterize as most wanton and mischievous; for it does not even provide for the hungry leeches of the party, while it takes away offices from meritorious men—and—what is of more consequence yet—takes from the public health in a season of peril,—as, in a crowded city, the summer always is—the guardians heretofore commissioned and empowered to look after it.

If pestilence should come, uneasy must lie the heads of those, however callous their hearts, through whose unscrupulous instrumentality the protection which vigilant and experienced officers might furnish against it has been destroyed. The citizens, happily, are aware of the danger, and will do whatever individual effort can to protect the public health, which, up to this moment, has been more than usually good for the season. Our Croton—our priceless Croton—is the great cleanser and purifier, and this stream fails not, though the rains hold back.

The world, or a large portion of it, on this side of the rolling ball, is in motion for summer and holiday and business excursions. Railroads and steamboats are crowded. They go hence in every direction, and the tour of Europe has now become so much an every day affair, and through the rapid and luxurious transit of the seas in the Collins and other steamers, so easy and economical withal, that very many spend the long holidays in the Old World, and manage, in a short time, to see a big piece of it, who formerly went to Saratoga, or the White Mountains, or elsewhere. I look upon it as one of the distinctive features of this age—this habit of locomotion,—and am disposed to ascribe to the habit very important moral influences—and eke political ones too—so far as they are founded in reason and good morals. Prejudice is the great source of error in opinion, whether national or individual; and nothing so contributes to eradicate or disarm prejudice as seeing eye to eye, and toe to toe, those against whom it is entertained, or the peculiar institutions or usages which it condemns.

The Channel which separates Great Britain from France—by cutting off intercourse and ideas—did more to foment and sustain the long war of the last and the beginning of the present century between France and England, than Pitt's John Bull pride and doggedness, or Bonaparte's ambition. Both countries, by reason of this physical line of separation, were ignorant of each other's real feelings and interests; and both were easily wrought up by artful appeals to any required degree of what was considered virtuous national antipathy, until it came to be said that the two people were natural enemies, and the English were taught to undervalue the French as a people who lived upon their soup and frogs,—and the French, who really understand good living, despised the English as a factious people "with twenty religions and only one sauce." Now nothing so surely does away such ignorant judgments and unfounded antipathies, as frequent and easy personal inter-communication. Hence it is, that such enterprises as Collins' steamers become great civilizers and pacificators—influential agencies to preserve and maintain peace between the nations; and, in like manner, in a confederacy like ours, of States with different and sometimes almost opposing interests—railroads, canals, a great national system of internal improvements, bind us more and more closely to each other; and I can hardly conceive of any more blind and infatuated policy than that proclaimed by the Loco Foco Convention at Baltimore and practised upon in the extremest degree by Mr. PIERCE, when in Congress, and by WM. R. KING—which forbids the encouragement of Internal Improvements by the National Government, through the means of National resources. Wisconsin cannot, any more than others of the Lake States, mistake her duty and her interest on this point.

The Scott Gathering at Niagara.

From the spirit with which the call for the gathering of the friends of Gen. Scott at Niagara Falls on the 27th and 28th of this month, is received by the people of all portions of the states within travelling distance of the place of meeting, it is evident that those days will see a concourse drawn together which has not been equalled since 1840. The Committees of Arrangements have been indefatigable in their exertions, and an array of names of speakers is presented, comprising some of the most effective stump orators of the whig ranks. Among them we find the following:

Gov. Jones, Tennessee; Hon. J. M. Clayton, Delaware; Col. Galloway, Columbus, Ohio; Hon Thos. F. Marshall, Louisville, Ky.; Simeon Draper, New York; Gov. Johnston, Pennsylvania; Hon. Thos. Ewing, Ohio; Gov. Morehead, North Carolina; Hon. Edw. Bates, Missouri; Gen. Leslie Combs, Kentucky, and R. W. Thompson, of Indiana.

It would be well worth while to take a long journey to listen to a good Scott talk from such men as these, and we doubt not that Wisconsin will be represented on the occasion.

NO GO.—The "democracy" of Detroit have been waiting these many weeks for a favorable opportunity to "ratify" the nominations of PIERCE and KING. At length the *Free Press* announced that Gen. CASS was coming home, on a visit, and while in Detroit would make a talk to his constituents. This, then, was fixed upon as the appropriate time to ratify. But we see, by the Detroit *Tribune*, that Gen. CASS has "come and gone"; that he made no speech, while in Detroit; and that the ratification meeting is postponed to some indefinite period in the fall.

LATER FROM CALIFORNIA.—The steamer *Illinois* arrived at New York on Friday, bringing 389 passengers and over two millions ($2,149,000) in gold. The news is unimportant.

Circulate the Documents!

TO THE FRIENDS OF SCOTT and GRAHAM!

With a view to secure the widest circulation of Whig papers in this State, during the pending campaign, and thus contribute to the election of WINFIELD SCOTT as next President of the United States, we offer to send the *Weekly Sentinel*, from and after the 1st of August, till the 10th November, at the rate of TWENTY FIVE CENTS PER COPY. We will mail, at this rate, as many copies to *one* address as may be ordered. The cash, of course, must accompany the order, in every instance.

Will not the friends of SCOTT and GRAHAM, in every County and Town in our State, make an effort to get up a Club of 4, 8, 16 or 24 members, *without delay*, and send in their orders? The price at which the Weekly *Sentinel* is thus offered barely defrays the cost of printing it; and puts the luxury of a good newspaper within the reach of almost every man in the State. It will enable our friends too, to disseminate, far and wide, a knowledge of Whig principles and of the grounds on which we confidently urge the claims of WINFIELD SCOTT to the gratitude, the regards and the suffrages of his fellow-citizens.

The *only* hope the advocates of PIERCE and KING have of carrying Wisconsin, or of success in the Union at large, is by stealing the livery of Democracy, misrepresenting the issues before the People and maligning the gallant Old Soldier who leads the Whig hosts. Let it be the care of all true friends of Western Interests; of Encouragement to Home Industry; of River and Harbor Improvements; of Law, Order, and good Government; to see that these missiles of the enemy are met and turned aside, and Error everywhere opposed and overcome with Truth. Let it be the effort of the SCOTT men, in all the Counties, Towns and School Districts of the State, to put *some* good Whig paper in the hands of each and every Voter. Let them make sure, at least, to have a few copies circulated in each Town, so as to have at hand, in every Election District of the State, the means of meeting and counteracting the insidious wiles, the weak inventions, and the demagogueical appeals of the Enemies of Western Interests and the Foes of Home Industry.

MEN OF THE WEST! Supporters of SCOTT and GRAHAM! Friends of a PROTECTIVE TARIFF and INTERNAL IMPROVEMENTS! will you not make an effort worthy of the great occasion, and strike a good blow for the good cause? In a little more than *three months* the campaign will be over.—Let that brief period be one of active, united, hopeful exertion. VICTORY is within our reach—a victory that will be fraught with benefits to the growing West, and with blessings for the whole Union. Lose not this rich prize by indifference, or inaction. Let not the golden opportunity pass unimproved. ORGANIZE without delay and persevere to the end. Resolve to WIN THE FIELD, and "suit the action to the word!" "CIRCULATE THE DOCUMENTS," and as the cheapest and best of all documents, scatter good Whig newspapers *broadcast* all over the State. Be sure the seed thus planted will yield twenty, fifty, yea an hundred fold!

GROSS FRAUD!

The *Volksfreund* of July 13th, in the course of a labored effort to array Naturalized against Native-born citizens, by appealing to the prejudice of the former class, makes the following explicit charge against the editor of this paper:—

> "Said RUFUS KING (to-day editor of the Milwaukee Whig organ, the "*Sentinel*") in the Albany Daily Advertiser:
>
> It is our opinion, and our readers are aware of it, that *no man of foreign birth* ought to be admitted to the enjoyment of the political rights of American citizens."

We brand the above as a *wholesale fabrication*. There is not the substance or semblance of truth about it. We never uttered, nor entertained such a sentiment.

From the first day that we took part in politics, we have always been in favor of extending to adopted citizens precisely the same rights, privileges and immunities that were enjoyed by those born upon American soil. We call upon the *Volksfreund* to retract its false charge, and do us justice in this matter.

☞ Some of the Whig papers name Gen. Scott Wingfield, some Winfield, and others Windfield. The original name was Windfield, but *was changed by the General to* the more high sounding title of Winfield. This we presume is the origin of the phrase, applied to him by whig journals, of "old Windy."—*Morning News.*

The *News* tells this story by way of offset to the funny mistakes which its friends have made in regard to Gen. PIERCE's name and history. But the deception is too transparent to impose even upon its own readers. No whig Journal has applied the vulgar and unseemly epithet of "old Windy" to Gen. SCOTT. Nor has this gallant veteran ever found it necessary to change his name, or seek for a more "high sounding title" than the one he bears. *That* is inscribed in letters of light on the pages of his country's history and engraven in imperishable characters upon the hearts of the American People. And that he is well named WIN-FIELD, the *News* will have fresh evidence on the second day of November next.

THE COLLINS STEAMERS.—The House of Representatives have agreed to the Senate amendment to the Deficiency Bill, granting additional compensation to the Collins line of Steamers by a vote of 84 to 73. This result of the protracted struggle will give general satisfaction throughout the country.—*Morning News.*

The "result" in question is a recognition and triumph of the principle of Protection, and that too, in its extreme form. Congress have voted an appropriation of *eight-hundred and fifty thousand dollars* to protect these American Steamers against British competition. Here is encouragement to a single branch of American Industry—protection to one particular *line* of American Steamers. Having passed this appropriation and thus recognized the Protective principle, how can Congress now deny the claims of our American Mechanics, Manufacturers and Farmers to like encouragement?

"OVER IN NEW JERSEY."—The Trenton True American says that there is a Pierce club in Newark composed of two hundred and fifty original Whigs.—*Morning News.*

This an average sample of the fictions with which the *News* is trying to quiet the fears, and revive the sinking hopes of the *bogus* "democracy." Mark how a plain tale shall put it down.—Alluding to a similar story in the N. Y. Evening *Post*, the Newark (N. J.) *Mercury* says:

> We assure our respectable cotemporary that this is all the sheerest humbug imaginable. Instead of there being 182 Whigs who have enrolled themselves as members of a Pierce and King association in a single Ward of this city, we would state that *there is not a single Pierce and King club or association in it.* We do not know of *three* Whigs who will vote for Pierce and King, while we are daily informed of respectable foreign voters, former members of the opposite party, who avow their determination to give their influence to the election of Winfield Scott.—*Newark Mercury.*

ALL RIGHT.—Hon. GEORGE C. WASHINGTON, of Md., to whom was tendered the nomination of a part of the Native American party, declines, very decidedly. He says that he is a Whig, and nothing else, and goes strong for WINFIELD SCOTT.—He is the nearest living relative of the Father of his Country, and it is gratifying to see that he does not unite with the faction which used his name, but supports the patriot who has so closely followed Washington's bright example.

SIGNIFICANT.—All the States most thoroughly wedded to Slavery, are claimed for Pierce and King by the Democrats, and conceded to them by Whigs. The ultra Propagandists like Toombs & Co., professing to be Whigs, desert the banner of Winfield Scott. Why this? It is plainly because Messrs. Pierce and King are looked upon as more reliable to carry out the sectional views of Southern Politicians.

☞ The *Wisconsin* thinks that Gen. SCOTT "will be persuaded to *demean* himself," by attending the gathering at Niagara next week to commemorate the glorious victory at Lundy's Lane. We should like to know how long it is since this excessively "Democratic" organ discovered that a public man "*demeaned himself*" by meeting and mingling with THE PEOPLE?

Correspondence of the Sentinel.

—— WALWORTH COUNTY, July 17.

MESSRS. EDITORS:—Enclosed you will find the money for 25 copies of your Weekly Campaign Paper, which please send to my address. I will send you more in a day or two.

The Whig party never were in as good spirits in this vicinity as they are now, and we shall give Gen. Scott a large vote. We are at work and intend to work, and will spare no efforts to carry this county.

Yours truly.

The above is an average specimen of the letters which begin to pour in upon us by every mail.—They show that the SCOTT men are mustering for the fight, all over our State, and appreciate the importance of giving to Whig Newspapers and documents the widest possible circulation.

THE SCOTT VOLUNTEERS.

The adjourned meeting of the "Scott Volunteers" on Saturday evening was well attended, and the proceedings spirited and harmonious.—The Committee to select Officers for the Club reported the following names, which were unanimously "ratified" by the meeting.

For President.
A. FINCH, JR.
For Vice Presidents,
1st. *Ward*—ALLEN W. HATCH, S. S. DAGGETT.
2nd. *Ward*—C. COMSTOCK, A. ROSSLER.
3rd *Ward*—R. G. OWENS, WM. BROWN, JR.
4th *Ward*—IRA E. GOODALL, P. B. HILL.
5th *Ward*—J. L. BURNHAM, MARTIN DELANY.
Marshal—L. H. COTTON.
Recording Secretary—JOSEPH HAMILTON.
Corresponding Secretary—WM. H. WATSON.
Executive Committee—WM. FINKLER, 1st Ward.
A. J. LANGWORTHY, 2nd Ward.
WILLIAM BROWN, 3rd Ward.
C. H. WILLIAMS, 4th Ward
W. A. HAWKINS, 5th Ward.

On motion, the Executive Committee were instructed to provide one or more Speakers at each regular meeting of the "Volunteers."

The meeting was addressed by M. H. ORTON, Esq., and other gentlemen, and it was announced that an auxiliary German Club was forming in the Second Ward, and another in the Third.

On motion, the Club then adjourned to meet again, on Saturday evening next at the "Head Quarters."

"The work goes bravely on."

BELOIT COLLEGE.—The *Journal* gives an interesting statement of the condition and prospect of the flourishing College located at Beloit. The following persons constitute the faculty:

> Rev. A. L. Chapin, A. M. President.
> Rev. Miles P. Squier, A. M., Professor of Intellectual and Moral Science.
> S. Pearl Lathrop, D. M., Professor of Chemistry and Natural Science.
> Rev. Jackson S. Bushnell, A. M., Professor of Mathematics and Natural Philosophy.
> Rev. Joseph Emerson, A. M., Professor of Languages.
> Thomas Potwine, A. B. Tutor in Languages.

The Institution embraces three departments viz: a Collegiate Department, a Preparatory Classical Department, and a Normal and English Department. The number of students for the past year has been in the Collegiate Department 26, Preparatory Department 65, Normal Department 65. The amount of property belonging to the Institution is $63,915,00, including buildings, lands, endowments, library, apparatus, &c. The total income for the past year has been $4,560 06. Total expenditures $4,861.71.

IMPORTANT BILL.—The bill introduced in the Senate of the United States, by Mr. Davis of Massachusetts, to prevent steamboat accidents, has passed that body. It has been very carefully prepared, after consultations with experienced commanders and engineers. It is very minute in its details, and apparently neglects no precautions that can be of service. It provides for the appointment of Inspectors in all the principal ports, and also a general board of supervision. It also regulates the material and construction of boiler machinery, the qualifications of engineers, the number of pumps required, &c., &c. There are 45 sections in the bill.

GOV. CAMPBELL, OF TENNESSEE.—This gentleman was said by some of the Washington Washington telegraphers to be opposed to Gen. Scott. The correspondent of the *Courier and Enquirer*, says:

> There is no truth whatever in the story sent out from this city with others from the same mint, that Gov. Campbell, of Tenn., intends to oppose the nomination of Gen. Scott. Letters were received from him yesterday, giving a flat and unqualified contradiction to these rumors, and announcing his intention to co-operate earnestly with that party of which he has so long been an ornament and an honor.

So sinks another lie into the earth.

The Western Star curries Booth down with its sharpest comb. Dr. Utter is so much respected in Walworth, that his remarks evince the malignity of Booth's provocation which must have called them out. The great point of distinction between the two is, as the Star conclusively shows, that Booth is an office seeker, and Dr. Utter is not. —*Wisconsin.*

How now? 'Tis but a few weeks since the *Wisconsin* was particularly sweet upon "Gen. Booth." What has so suddenly curdled its "milk of human kindness?"

OHIO WHEELING INTO LINE.—*Ohio Western Reserve.*—A correspondent of the Cleveland *Herald* writes from the county of Ashtabula, that "the work goes bravely on. Daily accessions to the Scott ranks from the Free Soilers. Hurrah for 'benighted Ashtabula'—good for 2000 majority for Scott! We have no great excitement on the subject, but the better judgment of the people is prevailing. Look at us—our harbor blown away for the want of an appropriation, so that no light can be put into the Light House, to save the lives of citizens who are engaged in commerce. God preserve the poor sailor!"

THE GODERICH RAILROAD.—The Huron Signal of the 16th instant says:

> We are now fully enabled to say that the Buffalo, Brantford and Goderich line, has become a *great fact* in Railroads—that a line of steamboats will be placed on Lake Huron, running from Goderich to Milwaukee, Bruce Mines and American Copper Mines, Lakes Huron and Superior, is also a *great fact.*

FOR NIAGARA.—The Scott boys in all parts of the country are preparing to visit Niagara Falls on the 27th. A large number of Whigs will leave Baltimore on the 25th to join the throng who celebrate the aniversary of one of their leader's victories. They take with them, and will erect at the Falls, a magnificent tent for their accommodation during their stay. Who said Maryland was going for Pierce?

☞ The Hartford *Times* states that the losses of the Insurance Companies of that city by the late fire in Montreal are overrated in the Montreal papers. The loss of the Ætna Company, as reported by itself, are $58,000; of the Protection Insurance, $10,000; and of the Hartford Insurance, $3,000. The monthly receipts of the first named company, from premiums, &c., are stated by the *Times* at $80,000.

☞ At a county convention of the Cass and Butler democracy of Walworth county, on the 5th, the Baltimore platform adopted last month was most unequivocally repudiated. Will "the faithful" take notice.—*Janesville Gazette.*

Not they. On the contrary they will insist with our neighbor of the *News*, that it was the "Free Soil Democracy" who did this, and not the regular Hunkers.

POSTAGE ON NEWSPAPERS.—By a close examination of the bill which has passed the House of Representatives, we find that papers sent to actual subscribers within the State where published, and not weighing over two ounces, are rated at the same postage as those weighing an ounce, and sent out of the State to distances under 3000 miles; *i. e., half a cent* each.

☞ Mr. GRUND telegraphs from Washington to the N. Y. *Herald*, that all the Southern Whig members with the exception of Messrs. TOOMBS and STEPHENS will wheel into line and support the nomination of SCOTT and GRAHAM and the platform.

City Matters.

GAS LIGHTS FOR THE CITY.—Our estimate of the annual cost of lighting our City with Gas was somewhat above the actual mark. We are informed by Mr. LOCKWOOD that the Company will put up and lease to the City 150 Lamp posts, with fixtures complete, and will contract to keep them in repair, supply them with gas, lighting and extinguishing the lamps, at a total cost, for the year, of $4,425. Should this proposal be accepted the Company will *present* 50 Lamp posts, complete, to the City. We cannot believe that the Common Council will hesitate a moment to accept a proposition which secures to our City so great a luxury as well-lit streets at so small a cost as *forty-five hundred dollars* a year.

MADAME ANNA THILLON.—The entertainment to-morrow evening promises to attract a crowded house, not only from the high reputation of Madame THILLON as a beautiful woman and accomplished vocalist, but from the novel character of some portions of the programme. The other members of the party are able performers in their several departments, and are well received everywhere. We find in the Chicago *Journal* the following notice of the first concert given in that city, on Friday evening last:

> Madame Thillon's concert attracted a large audience at Tremont Hall last evening, who were delighted and charmed, not only, with what they heard, but with whom they saw.
>
> Some say that Nightingales sing by night, because Nature then has time to listen and to love. Others assert that it is because the Nightingale is a plain bird. Certainly, it is not for the last named reason that Madame Thillon sings by night, for she is altogether the most beautiful woman we have seen, among the sweet singers of the world.
>
> We speak of it, because it is a part of the song—beauty is *itself* a song, all legibly written out for every body to read.
>
> Madame Thillon was warmly welcomed, and her own performance as well as that of her Assistants, was of a character that leaves nothing for us to do but announce a Second Concert on Monday evening next.

ACCIDENTS.—We regret to learn that a child of officer O'SHAUGHNESSY was drowned on Saturday in a pool of water near his house.

A laborer, named DANIEL HAYES, was killed on Saturday afternoon by the caving in of the bank near the lighthouse, where he was working.

A German, named HERTSCHE, was severely wounded the same evening in the 5th ward by a piece of stone broken by a hammer in the hands of another workman. One of his eyes was put out.

MADAME ADOLPHE.—This mysterious lady remains but one day longer in our City. Those therefore who desire to consult her and have not yet done so, must improve the opportunity today. She has been very successful in her delineation of characters here, and has made some shrewd "guesses" at the history of individual visitors.

THE STEAMER GLOBE.—By a letter from Buffalo, we learn that the repairs to the *Globe*, which are to be very thorough, will cause her to lose one trip around. She will not be here, consequently, till her next regular day. Capt. PEASE is putting a new cylinder into the engine of his boat, and means to make time with the best of them.

GRAEFENBERG MEDICINES.—If any Lady wishes to obtain a good book without paying for it, let him call at the Graefenberg Office, as per Advertisement. Of course it advises an extensive use of the Company's medicines—and why shouldn't it? this is a free country!—but it also abounds in valuable information for aiding humanity of every sort.

THRESHING MACHINES.—Farmers will be interested in Messrs. WELLS & HILLS' advertisement of their agency of the Threshing Machine with the very long name. The name isn't near as long as the list of diplomas and premiums awarded to the machine by various State Societies.

A CRICKET MATCH.—The Milwaukee Junior Cricket Club have challenged the Second Eleven of the Senior Club to play a match on Saturday next. The Senior Club meets to-night to arrange the preliminaries.

MILWAUKEE HOUSE.—Messrs. SHANNON & CONOVER offer for sale the old Milwaukee House in its new position. Somebody might make a good thing of it there, "it strikes us."

☞ The propeller *Buffalo*, bound down, met with an accident to her machinery a short time after leaving port. She was towed into Sheboygan by the steamer *Golden Gate.*

RAILROAD IRON.—The schooner *Juniatta Patton* arrived day before yesterday with the cargo of the brig *Helvetia*, dismasted in the late gale.

SPECIAL ELECTION.—2d WARD.—The election in the 2d Ward, to fill the vacancy caused by the resignation of Ald. PHELPS, comes off on Friday of this week.

REMOVAL OF THE GREEN BAY LAND OFFICE.—We clip the following from the N. Y. *Herald* of the 16th. It will be read with interest by the people in the northern part of the State:—

Removal of the Land Office from Green Bay to Menasha in Wisconsin.

> Under authority conferred by the second section of the act of Congress, approved June 26th, 1834, entitled "An act to create additional land districts in the States of Illinois and Missouri, and in the territory north of the State of Illinois," the land office now at Green Bay, in the State of Wisconsin, will be removed to the town of Menasha, and be opened there for business on the first day of September next. Given under my hand, at the city of Washington, this fourteenth day of July, A. D., 1852. MILLARD FILLMORE.
>
> By the President: John Wilson, Acting Commissioner of the General Land Office.

☞ We learn that the Committee on Railroad and Steamboat Fares connected with the approaching Niagara Celebration, have made an arrangement with the Michigan Southern Railroad Line, by which delegations will be brought from Chicago and intervening points to Buffalo, on either of their boats at half the regular fare. The company have generously offered to bring military companies free. This act of liberality on the part of the M. S. R. R. will undoubtedly be imitated by other companies.

DEATH OF ADJUTANT GENERAL JONES.—The Telegraph on Saturday reported the death of a Gen. JONES, at Washington, from Cholera. The mails inform us that it was Adjutant General ROGER JONES, a distinguished officer of the Army who died after a few hours' illness and as is supposed, of Cholera.

189,800 Reasons why the North-West Oppose Gen. Pierce.

On the 25th of June, 1836, the bill for improving Harbors and Rivers passed, and Gen. Jackson subsequently signed it.

The bill contained the following items:

For the improvement of the Chicago (Ill.) Harbor,	32,800
In regard to this item, Mr. Pierce voted NO!	
For the improvement of the Ohio and Mississippi river from Louisville to New Orleans,	60,000
Mr. Pierce opposed this appropriation voting No!	
For the improvement of the Mississippi River above the mouth of the Ohio, to the Missouri River,	40,000
Mr. Pierce voted No!	
For the improvement of the Cumberland River, Kentucky and Tennessee,	30,000
Mr. Pierce voted NO!	
For the improvement of the Ohio and Mississippi, under act of 1832	17,000
Mr. Pierce voted No!	

Whole number of votes—Ayes, 120; Nays, 64—including FRANKLIN PIERCE!!—*Chicago Journal.*

THE CHARACTER OF WINFIELD SCOTT.—Talking with a well known divine of this city previous to the Whig nomination, we asked him who was his choice as the candidate for the Presidency? "Gen. Winfield Scott," was the answer.—"Why Scott in preference to the other candidates?" "Because," said he, "I know Gen. Scott as a man and as a Christian. There lives not in this country a greater man—a man of more stainless purity and integrity than Gen. Scott. I would prefer a man to direct the Ship of State, that can bring with talent and greatness, a pure heart,—one that can recognize that there is One still greater than himself—one whose character can be examined in a political, military or social light, and be found free from stain—as free as that of WINFIELD SCOTT."—*Troy, (N. Y.) Patriot.*

COMMERCIAL.

THE MARKETS.

OFFICE OF THE DAILY SENTINEL, }
MILWAUKEE, July 20, 1852. }

The past week has been one of considerable activity in business. Receipts of produce not equal to those of the week previous, but still fair. Our merchants are generally very well satisfied with the spring and summer trade, and the prospect is good for the coming months. We hear good accounts of the crops of every kind, corn excepted. As to that, the extent planted has not been very large, and our farmers have never depended largely upon the crop. Wheat looks well, and promises to reward the farmers, not with a much better crop as to quality than for a long time previous. The extent of winter wheat sown has not been as large as in previous years, and much attention has been paid to other crops.

The most noticeable event of the week is the completion of the M. & M. Railroad to Palmyra, and the announcement that a few days hence it will be in to Whitewater. It is now certain that the road will reach the fertile valley of the Rock river in season for the fall trade.

ASHES. Prices for pots and pearls are controlled entirely by advices from N. Y. and purchases are made at N. Y. rates, transportation off. We heard however of an order of 2 25 per 100 for a lot of pearls from the interior.

Last Day
OF
MADAME ADOLPHE.

THE original, unsurpassed and justly celebrated MADAME ADOLPHE, the universally acknowledged greatest SYMPATHIST in the world, and the most distinguished lady who traveled through her marvellous revelations of the Past and the Present, as well as the correct predictions of the Future, such intense excitement in England, France, and the principal cities of the United States—that Queen Victoria presented her with a costly diamond brooch, and Daniel Webster, with a jeweled ring, is now in MILWAUKEE, ready to receive visitors at the CITY HOTEL. Private entrance for Ladies in both streets—Water and Mason, whom she will inform about the Past, the Present, and the Future, if they are married or not, and when or what lady or husband they will get; or business of every description.

Mysterious and almost impossible of her profession speakers are conceived, highly recommended by so highly respectable sources, and with so innumerable certificates of acknowledged extraordinary power and skill, that it precludes all supposition of probability of deception or imposition, as many others now practice.

The commencement discovers the not unusual case of a genius in a fix, at the failure of a great scheme. He is cheered by the arrival of the first visitor from Fairy Land,

who bids him not despair, and counsels him with a little talk about some old acquaintances.
At her departure, Rackstraw seeks some information from the papers upon popular topics, which he retails in a

and concludes just as the second visitor from Asia, So Shi
A PAGODA BELLE,
arrives. They almost quarrel in an argument upon his Grand prospects, but his conquest for China is disarmed by her

At her departure, Rackstraw has scarcely got through some unpleasant communications, when he is obliged to receive the third visitor,

Rackstraw, at most, leaves him once more to his own devices, which appear to have been numerous and unsatisfactory, if we may judge from his catalogue of failures.

Henry Clay's Will.

CINCINNATI, July 16.

The will of Henry Clay was presented in court on Monday last, and admitted to record. It is drawn in his own handwriting, and bears date July 10, 1851. It relates almost entirely to the distribution of his estate among the members of his family. The only exception is that which relates to his slaves, born after the 1st of January, 1850, be liberated and sent to Liberia at the age of 25, with three years earnings, to be reserved for their benefit, for the purpose of fitting them out, and prior to their removal they are to be taught to read, write, and cypher.

His slaves born before 1850 are bequeathed to his family. Ashland is left to Mrs. Clay for her sole use and benefit during her life, and after her death to be sold and the proceeds to be divided among the children. The only specific devises outside of his family are, to Dr. Dudley, a gold snuff-box presented by Dr. Hunt, late of Washington; to Henry T. Duncan, a ring containing a piece of the coffin of Washington, to Dr. W. A. Mercer, a snuff-box, said to have belonged to Peter the Great.

Mrs. Clay is appointed Executrix, and Hon. Thomas A. Marshall and James O'Harrison, Executors, with provision that no security shall be required of either.

An Outrage by Anti-Renters.

Williamstown, Mass., July 13.

On the evening of Thursday, the 8th inst., a party of Anti-Renters, mounted on horses, and disguised as Indians, crossed the State line, from Rensselaer county, over West Mountain, into Williamstown, and drove off some forty head of cattle, seizing upon them wherever they could be found, and hurrying them toward the line; before any effectual resistance could be opposed to them, they were well on the way toward home, having shot at the only farmer who hindered them fortunately without injuring him. As soon as possible a party was selected, comprising chiefly of students from Williams College, and headed by Sheriff Bulkley, and Constables Haskins and Cox, and chase was given to the midnight plunderers.

They were overtaken before reaching the brow of the hill, and opposed little resistance to the pursuing party, fired a few shots, and fled, leaving the cattle, the greater part of which was driven back, and the remainder scattered about the woods on the mountain, whence they were reclaimed by their rightful owners in the morning. All the injury sustained was a slight flesh-wound in the thigh received by Mr. Sam'l Field.

TROUBLE AMONG THE PAWNEES.—A letter published in the Galena *Jeffersonian* of the 10th, from Fort Laramie, says that on the 15th, when near the frontier, an emigrant party of upwards of 100 men strong, were attacked in the open prairie by about 70 mounted Indians of the Pawnee tribe. A skirmish ensued when the Indians were driven off, with a loss on their part of three killed and five wounded, and of the emigrants two mortally wounded, Mr. Barger and Mr. Carpenter, both of South Bend, Indiana. After this attack, about two or three days, they overtook another party waiting reinforcements, when they received information that a company of English, five teams in all, were missing; a party, after diligent search, finding only traces of their wagons near a slough or swamp. It is supposed that they were all murdered by the Indians and the teams stolen.

Battle of Niagara.

A Committee of Arrangements for the Celebration of the coming Anniversary of the Battle of Lundy's Lane at Niagara Falls, on the 27th and 28th of July inst., met at Niagara Falls the 15th inst., for the purpose of proceeding with their duties. Geo. W. Holley, Esq., in the Chair, A. M. Clapp was appointed Secretary.

On motion, the Committee resident at Niagara Falls were authorized to appoint a Chief Marshal and Assistants for the occasion.

Gen. P. Whitney, who served with Gen. Scott at Queenston, and was taken prisoner with him in that action, was appointed and will serve as Marshal in Chief during the Anniversary.

The Committee then adopted the following.

ORDER OF PROCEEDINGS.

For the Celebration of the Battle of Lundy's Lane, July 27th and 28th:

The morning of the 27th will be devoted to the receiving of the delegations and guests by the Marshals and committee of reception, and to arranging the encampment.

Speaker's stands will be erected in various parts of the grounds, and all will be shielded by a grateful shade.

The latch string is out! Freemen of America! rally for him who has fought more of freedom's battles than any other man living.

Come one—come all!
Come as the winds come, when the forests are rended,
Come as the waves come, when navies are stranded.

The Teachings of a Great Lesson.

It is true, says the Louisville *Journal*, with great force, that Henry Clay's death has disarmed his political foes, but his glorious life should have disarmed them. There were in his life a thousand deeds that should have called forth from them, as American citizens, admiration, reverence, applause and gratitude, but there was little else in his death than the calm and peaceful return of dust to dust.

For more than a quarter of a century Mr. Clay was the most fiercely abused man, and the most incessantly abused man, that ever lived in this country. No other ten, twenty, or fifty men were so much abused as he. Throughout nearly the lifetime of a generation, numberless charges, for which, if they had been true, he would have deserved to be hunted out from all human society, were brought against him, and daily reiterated against him by the whole banded press and by almost the whole banded masses of one of the great political parties of this country. And now all the charges so ferociously asserted and so obstinately persevered in, charges which nearly broke the heart of their illustrious victim, mighty as that heart was in its energy and its power of resistance to wrong, are retracted by those who uttered them, and are succeeded by the loudest and most enthusiastic praises that ever vainly fell upon the "dull, cold ear of death."

These things have their lesson. They should teach the old assailants of Henry Clay to be careful how they denounce the great living benefactors of their country. Those very men are now engaged in pursuing General Winfield Scott as if he were a public enemy, entitled to no more forbearance than a traitor, a pirate or a wild beast. Gen. Winfield Scott is an old man, and he, in the course of a few years, will die as Henry Clay has died, and then, as in the case of Henry Clay, the savage assailants of his living fame will unite with the rest of the people of the United States in giving tears and blessings to his memory, and warmly and enthusiastically proclaim him what he is, a pure, upright, noble and most devoted patriot, who has consecrated his life to his country, and done incomparably more than any other man now on the stage of existence for the promotion of that country's glory.

Oh, are there not thousands and tens of thousands and hundreds of thousands of honest Democrats, who will vindicate the living Scott against his infuriated traducers, instead of waiting to have "the late remorse of love" awakened within their bosoms by the closing of the grave over all of him that is mortal?

THE WORLD'S FAIR

PREMIUM SAFES.

DEPOT,

Green Block, Water St.,

(Between Maiden Lane and Wall Street,)

NEW YORK.

THE SUBSCRIBER PLACED HIS FIRE AND BURGLAR-Proof Iron Safe in competition with the whole world at the great Exhibition in London, for which an impartial jury awarded a medal.

The American Fair, held last fall at Castle Garden, also awarded to him a gold medal for the best Fire-Proof Safe, and he has never failed to obtain the highest premium when his Safe has been put in competition with others for that purpose. Certificates have been received from the following well-known mercantile houses, who have had their books, papers and money preserved in these superior safes within the last thirty days, (and can, with many others, be seen at my store,) viz. Messrs. Stillwell & Montross, and Mr. J. L. Watkins, in the Fulton Street fire; Messrs. Fisher & Robinson, and Messrs. John Lockwood & Co., in the great fire corner of Liberty and Nassau Streets, and Messrs. Proud & Bowman, in Jersey City.

I am the proprietor of HALL'S PATENT LOCK, which obtained a medal (in the name of Adams & Co., Boston,) at the World's Exhibition, and is considered the best lock for the price, ever invented, being proof against powder, and the Key is no larger than a cent, and can be made changeable.

I invite all purchasers to a close and careful investigation before purchasing, and decide for themselves, who makes the best Fire, Burglar and Damp-Proof Safes combined.

SALAMANDER SAFES.

WILDER'S PATENT AND RICH'S PATENT COMBINED.

$100,000 SAVED.

FIRE in Pearl Street and Fletcher Street, New York.—Three stores and their contents destroyed. Deeds better than words!

RICH'S SAFES AGAIN!

ELEVEN Safes of different makers consumed, with their contents! The Safe made by Rich & Co. defied the flames and brought out its contents without a mark of fire upon them!

MR. GILBERT'S LETTER.

THE FIRE IN FLETCHER AND PEARL STREETS, NEW YORK.

New York, Dec. 20, 1851.

Messrs. STEARNS and MARVIN, successors, to C. Rich & Co., No. 146, Water Street, New York—Sirs, when the fire was consuming my place of Business, No. 216, Pearl Street, I was absent in Rensselaer County, testing a new cleaning apparatus in connection with my Excelsior Thrasher, and did not read the account until I was fearful it was too late to save my books which were placed in one of your safes, purchased from Mr. Marvin some years ago. My fears were not allayed when I found it necessary upon my return to apply the Croton Water 40 hours before I was enabled to commence operations, after which it required 54 hours of labor and application to raise the Salamander from its ashy bed. You may judge of my anxiety during this delay, and my agreeable surprise upon opening the safe in the presence of a number of gentlemen, to find my books and papers saved, and as legible as they were previous to the fire. The intense heat to which the Safe was subjected, can be conjectured from the condition of another safe, (not a Salamander) of which an iron skeleton frame only remained, and not a vestige of a book. They were companions in the same office, on the second floor, from which they fell upon crates of earthen ware in the cellar, the ruined safe upon the Salamander. If their position had been reversed, not even the skeleton would have remained. My loss over the insurance is $1,000, yet the salvation of my books in your Salamander, with the representatives of $100,000, and important documents which could not be duplicated, has fully compensated me.

It will afford me great pleasure to exhibit the new safe purchased of you, and explain its merits, at my present office, No. 251 Pearl street, where I shall remain until the new building, No. 216, is erected.

Yours respectfully, JOSEPH G. GILBERT.

The undersigned invite country merchants and those interested in the preservation of their books from fire, (but particularly those having Rich's safe in use) to call at the depot 146 Water street, New York, to see the interior of Mr. Gilbert's safe with the books undisturbed, which he has kindly permitted to remain for the satisfaction and gratification of the public.

☞ Orders for Burglar Proof Vaults, and Vault Doors, promptly and faithfully executed.

STEARNS & MARVIN,
[Successors to Rich & Co.]

146 Water street, and corner Avenue and St. Marks Place, New York.

Owners of the exclusive right of Rich's Patent for the whole of the United States, and the only makers of Salamander safes combining both patents, commonly called Rich's safes, or Wilder's Salamander Safes, with Rich's Improvement.

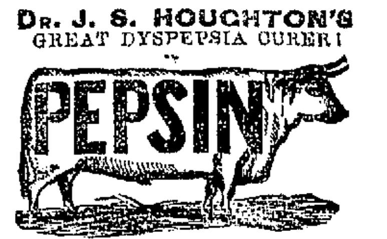
PATENT MEDICINES.

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!

DR. J. S. HOUGHTON'S GREAT DYSPEPSIA CURER!



THE TRUE

DIGESTIVE FLUID, OR GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of PEPSIN, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

PEPSIN is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the stomach and intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had resource to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful.

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text-Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of PEPSIN, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER,

DR. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's PEPSIN is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ Observe this.—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copywright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicine.

It is also an excellent remedy and not surpassed by any medicine in use, for females suffering from uterine or nervous derangement.

STOVES, (BOTH WOOD AND COAL.)

FOR COOKING, PARLOR & OFFICE USE; GRATES, FIRE FRONTS, CITY AND COUNTRY HOLLOW WARE, KETTLES of all kinds; SAD-IRONS, STRAW-CUTTERS, CORN-CRACKERS & SHELLERS, AGRICULTURAL IMPLEMENTS, AND PORTABLE

GRIST MILLS.

THE subscribers, thankful for past favors, beg leave to announce that they have recently added the Foundry business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST

DOUBLE OVEN COOKING STOVE.

(Which received the First Premium at the State Fair, lately held at Janesville,)

Possesses great advantages over every other stove, for plain flues and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with but half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the fire back—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being enclosed or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superceding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of an article in our line, will find it to their advantage to give us a call before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq. the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING AND GROOVING MACHINE," throughout the United States:

"PLANING MACHINES.

"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers, that they will find substantially the machine now offered by several pretending inventors, described in the 16th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Kugler, some sixteen years since, and another one put up by Albert Richards, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty eight years experimenting upon these machines, not one is in use is of any value for the purposes contemplated.

I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent. for my trouble.

JAMES G. WILSON,
Philadelphia."

I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work, and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

"Conformateur,"

from which the above cut was taken. By it we can take the exact shape, and unerringly *fit* the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head: and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $4.25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance, they are all we recommend them to be. We invite all who do not wish to pay two profits upon a Hat, and are willing to save 25 per cent, to call and see us.

HAWKINS' STAVE DRESSING MACHINE.

PATENTED JULY 22, 1851.

THIS machine is now in successful operation at the shop of Wm. Hawkins in this city, and will dress Staves for

Packing, Flour and Whiskey BARRELS,

and PIPES or HOGSHEADS, at the rate of

600 Whiskey or 800 Flour Barrel Staves PER HOUR,

straight, winding or crooked. In fact, any stave that can be worked by hand will be dressed by this machine, either for tight or slack work, from 22 inches to 72 inches in length, of any reasonable width, and *to any requisite bilge*, and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters and left them ready for the truss hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of iron, is strong and durable, and not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.

The Subscribers having purchased of Wm. Hawkins the patent right for the United States are prepared to sell rights for States, Counties, or for running single machines and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of dressed over the rough stave, the rapidity and perfect manner with which it performs its work, consists the value of this machine.

Satisfactory testimonials can be furnished if desired.

NO. 1.

R. R. R. RADWAY'S READY RELIEF,

Is the first and only remedy ever recorded in the Medical History of the World that has stopped the most violent pains in a few seconds.

IT WILL STOP
THE MOST SEVERE PAINS
IN A FEW MINUTES, AND CURE THE MOST OBSTINATE AND TORMENTING RHEUMATIC, NEURALGIC AND NERVOUS COMPLAINTS
IN A FEW HOURS,
INTERNAL AND EXTERNAL.
IT WILL STOP
THE MOST EXCRUCIATING PAINS,
IN FROM THREE TO FIVE MINUTES!
AND HAS CURED

Rheumatism	In Four Hours.
Neuralgia	In One Hour.
Croup	In Ten Minutes.
Diarrhea	In Fifteen Minutes.
Toothache	In One Second.
Spasm	In Five Minutes.
Cramps	In Fifteen Minutes.
Sick Head Ache	In Fifteen Minutes.
Chill Fever	In Fifteen Minutes.
Chillblains	In Five Minutes.
Sore Throat	In Four Hours.
Influenza	In One Hour.

SPINAL COMPLAINTS, STIFF JOINTS, STRAINS, BRUISES, CUTS, WOUNDS, FROST BITES, CHOLERA MORBUS, DYSENTERY, TIC DOLOREUX, and all other complaints where there is severe pains, RADWAY'S READY RELIEF will instantly stop pain, and quickly cure the disease.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone exhibits in its formation the wisdom of the Deity. Every joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN

Disorganizes the whole system, it prostrates the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralizes the absorbents, and renders them unable to take up and replete the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exerts its influence throughout every portion of the human system.—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF

In a few seconds

WILL STOP THE MOST DISTRESSING PAINS.

Its effects are like electricity; it arrests the most distressing pangs in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane, and establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA.

PAIN STOPPED INSTANTLY.

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE.

The use of Morphine, Strychnine, Aconitine, Belladonna, Arnica, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.* If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

RADWAY'S READY RELIEF

IS FREE FROM MORPHINE,

And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine, and all other preparations containing this poison, produces on the system.

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,

Diarrhœa, Dysentery,
Bloody Flux, Cholera Morbus,
Painful Discharges,

It relieves the most severe pains in a few minutes—checks the most distressing discharges, and

SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.

PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were unsound from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York, and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER.

CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS.

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidneys, Bowels, Joints, Bones, Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

BEAUTY.

Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAYS MEDICATED SOAP.

Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY.

By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected,—
And a healthy action to the skin restored,
To the teeth it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM.

Imparts nutriment to the hair,—
Makes it strong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff—gives action to the bulbs,
Fastens the hair upon the scalp, and forces it to grow—
Like guano to a barren soil, it makes it rich and productive,—
To dress the hair, make it smooth and glossy,—
Strong and beautiful, &c.
Radway's Circassian Balm is the "ne plus ultra."

Graefenberg Medicines HAVE YOU USED THEM?

AS popular medicines, prepared carefully and scientifically, and adapted to the wants of the American public, they have no superiors. They are emphatically what they are represented to be, *genuine*, and free from *Humbug*, intended as much to *cure* as to *sell*. When once used, they are universally relied upon, and no *Family* should be without these truly valuable aids to *Health*. In many instances the *regular faculty* recommend, and use them, such is their force over the prejudices of those so generally opposed to the circulation of POPULAR MEDICINES. No *Family Physician*, in ordinary cases, is needed by those who own the *Graefenberg Manual of Health*, and strictly abide by its directions in the use of the medicines.

A word to the *wise* is sufficient, without the publication of certificates, which we have of the most flattering description always open for the inspection of the incredulous.

We will enumerate in conclusion the various preparations of this Company, which may be found in every town in the State and throughout the Union.

THE GRAEFENBERG SARSAPARILLA, is purely vegetable, no *big bottle humbug*, or pleasant drink, but *as it should be, a Medicine* of the greatest power in promoting an entire change in the system, by eradicating those impurities of the blood which are the seeds of almost incurable disease in man.

THE GRAEFENBERG DYSENTERY SYRUP.—Public approbation has stamped upon it the character of *perfect*. It has checked the ravages of *Cholera* in its last stages, and for bowel complaints it has no equals.

THE GRAEFENBERG VEGETABLE PILLS, are particularly valuable for the prevention and cure of *Fevers* in general. They act gently, naturally and surely and in connection with our *Health Bitters*, are a certain and speedy cure for the Fever and Ague. The *Bitters* have a wonderful effect in invigorating a debilitated system.

THE GRAEFENBERG GREEN MT. OINTMENT.—In reducing inflamation, healing burns, bruises, and all injuries to the body, we can confidently recommend this salve to all as being most efficacious. In the *Mineral Region* of our State its merits are universally appreciated.

THE GRAEFENBERG EYE LOTION.—An unpretending article, but one which meets with large sales in the West, and has been the humble means of relieving thousands from intolerable pain arising from injured or diseased eyes. Try it.

THE GRAEFENBERG UTERINE CATHOLICON—This is perhaps the most valuable medicine of this Company, inasmuch as it reaches cases despaired of by the most scientific physicians. For Prolapsus Uteri, and all complaints incident to *Females*, it will be found a safe and speedy remedy. Let no *afflicted woman* be deterred by delicacy or prejudice from giving it a fair trial. Inquire of the agent for the pamphlet in relation to it.

THE GRAEFENBERG PILE OINTMENT, CHILD'S PANACEA, &c., are all invaluable remedies, directions for which and all the medicines are attached to each.

DR. HOOFLAND'S CELEBRATED GERMAN
BITTERS,
Prepared by Doct. C. M. Jackson,
AT THE GERMAN MEDICINE STORE,
120 Arch st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.

[From the Boston Bee.]

The Editor said, Dec. 31: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 25—"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

The Daily News, July 21, says:—"A Medicine'—We speak knowingly of Dr. Hoofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

A Word of Caution to the Public!

Dealers in Pain Killer are cautioned against buying or selling a spurious article of Pain Killer, manufactured by White & Co., of Buffalo, which is a worthless imitation and the pamphlet a "base swindle" which will appear by comparing them with the Genuine. "The certificates are copied verbatim." The proprietor of the Genuine Perry Davis' Pain Killer will prosecute any person engaged in selling this spurious article, and is determined to protect himself and the public from this "infamous fraud." Many unprincipled persons, to deceive the public, and for the sake of gain, have applied the name Pain Killer or something similar to their own compounds such as Pain Destroyer, Pain Killing Compound, a real Pain Killer, &c. &c. all of which have been got up on the reputation of Perry Davis' Pain Killer.
